Shipping Information

World Fishing & Outdoor Exposition
New Jersey Convention & Expo Center
January 12-14, 2024

Shipping Information -Read the "General Exposition's Limits of Liability and Responsibility" for expanded information .

We recommend you use a carrier specializing in trade shows. Exhibit material is time-sensitive, and experience counts.

- **Outgoing Shipments** - Shipping Information, bills of lading or labels will be available at the General Exposition Service Desk. Exhibitors selecting non-official carriers will need to make their own arrangements for pick-up. If you wish to use your own carrier, you must fill out our Bill of Lading with your carrier name. You must call them to schedule your pick up and they must check in at the General Exposition Service Desk 2 hours prior to floor closing time. If your carrier does not show to pick up your freight within the allotted time, your freight will be forced out through our "house" carriers. General Exposition Logistics is our "house" carrier. You must fill out the appropriate Bill of Lading for the carrier you wish to use. When your booth is completely packed and ready for shipment, bring the completed Bill of Lading back to the General Exposition Service Desk.
- **Shipping Charge-Please prepay all shipping charges. General Exposition Services cannot accept or be responsible for collect shipments.**
- **Bills of Lading** -All shipments must have a bill of lading or delivery slip showing the number of pieces, weight, and type of merchandise. Upon shipping, immediately send copies of bills of lading to General Exposition Services and your on-site representative.

Handling charges are based on the weight of the material. Certified weight receipts are required for all shipments. General Exposition will estimate weight for private vehicles without certified weight receipts. Charges will be based on this estimation and no adjustments can be made.

Separate mixed van shipments between crated and uncrated and clearly identify the weights of each on the bill of lading. Otherwise General Exposition Services will invoice the entire load at the Uncrated rate and will be unable to adjust charges later.

- **Consignment**-All shipments must be consigned c/o General Exposition Services to enable us to accept them for handling. Convention centers and hotels will not accept direct shipments consigned to them, as they have no facilities for receiving or storing freight.
- **Certified Weight Receipts** -The weights of your vehicle empty and loaded must be documented with certified weight receipts for billing purposes. General Exposition Services will unload all shipments after your driver submits certified weight receipts at the receiving site.
- **Labor and Equipment** -Labor and equipment for unloading and loading are included with General Exposition Services Material handling rates for services. Labor and equipment will be available for uncrating, unskidding, assembling, positioning, leveling, dismantling, recrating and reskidding machinery and/or equipment of exhibitors. Place your orders for this labor in the labor order form section of this Exhibitor Service Kit.
- **Empty Labels** -Shipping cartons will be picked up, stored and returned after the show if they are affixed with empty labels by the exhibitor. These labels are available at the service desk and are for empty storage only.
- **Return to Warehouse (optional)** -After the show, General Exposition can provide delivery to the warehouse, storage of materials and loading on outbound carriers. Call us at the above phone number or stop in during the show at the General Exposition Services Desk for price quotes.

Shipping 101

World Fishing & Outdoor Exposition
New Jersey Convention & Expo Center
January 12-14, 2024

Exhibiting at a tradeshow can be costly. When a company purchases a booth space, it is just the beginning of the expenses that typically include shipping freight, furniture rental, and material handling. The seasoned exhibitor can tell you that material handling, often referred to as "drayage," is sometimes the most costly item on the list. In many cases, the exhibitor is paying for surcharges he does not understand. By understanding what drayage is and how service contractors establish their rates, you will be able to save money by avoiding unnecessary charges. Outlined below are some of the most commonly asked questions about drayage.

WHAT IS DRAYAGE?

Simply stated, drayage is the moving of materials from point A to point B. Whether your materials are sent in advance to the service contractor's warehouse or directly to show site, they still need to get to your booth after the carrier drops them off. Paying for drayage entitles you to have your freight taken to your booth from the loading dock, empty containers stored during the show, empty containers returned to your booth at the close of the show, and your freight carried back to the loading dock and loaded onto the carrier at the conclusion of the show. Then you arrange for a carrier to pick up your exhibit materials for transport to the next destination. There is usually a 200 pound minimum per shipment charge for drayage.

CAN MATERIALS BE HAND CARRIED TO MY BOOTH?

In most major cities, union labor has exclusive rights to the loading dock. The total weight and size of the display plus the union regulations regarding drayage for that city will determine if items can be hand carried to avoid paying for drayage. However, if you think you can hand carry your display onto the show floor, it has to be brought in through the front entrance. To avoid any surprises or confusion, please check the union regulations in the Exhibitor Service Manual. If you hand carry your items, the empty containers may be stored during the show for a fee.

HOW ARE DRAYAGE RATES DETERMINED?

Since union labor is used to move freight, General Exposition Services must set the rate based on the labor rate in that city. Drayage rates also reflect the cost of empty storage space and the overall cost to produce the tradeshow. Drayage rates will vary depending on move-in and move-out times.

HOW CAN I SAVE MY COMPANY MONEY?

Read your Exhibitor Service Manual and pay close attention to the shipping instructions. Be aware of any surcharges that may be imposed for special handling or late shipments. Please pay close attention to deadline dates. If warehouse shipments arrive too early or miss the deadline date, there will be an additional surcharge of 25%. General Exposition Services usually allows shipments to arrive at the advance warehouse up to 30 days from the first move-in date.

SHOULD I SHIP TO THE ADVANCE WAREHOUSE OR SHOW SITE?

When possible, ship in advance to the warehouse. Even though the drayage charges are typically higher, there are benefits. You can confirm receipt of your shipment with General Exposition Services before the show, adding to your peace of mind. In addition, freight sent to the warehouse is unloaded prior to exhibitor move-in. Therefore, your freight will be in your booth upon your arrival. You can begin setting your exhibits as soon as you arrive, which can save you time and labor during set-up. It is worth the added expense in order to reduce problems at show site.
